Featuring Keynote Speaker

Kate Young

*Making Bold Moves in Work & Life
The Journey from One Career to the Next*

We all face a crossroad. Do we choose to take the road less travelled or play it safe and stick with what's known and comfortable? Taking the road less travelled is a route of true boldness. For our keynote speaker Kate Young, her career change has been, in her words 'both exhilarating and scary'.

For Kate, effective communication is all important and integral to her success - whether in her current role as the Manager of Public Affairs and Community Relations for the Thames Valley District School Board or as her well remembered tenure of almost 20 years as television news anchor with CFPL-TV.

Kate is a dedicated volunteer – a member of the Board of Governors of Fanshawe College, Board Member of Jesse's Journey, The Hazel Cryderman Weiss Foundation among many others. She is a 2007 inductee into the London City Press Club Newsmakers' Hall of Fame for her notable achievements in her media career & community involvement.

Join us for Kate's informative and entertaining address and learn how the journey can be as inspired as your ultimate destination!
